

ELV Wall Mount PA Speakers

Discreet and Reliable Speakers for General Purpose Indoor PA

ELV offers practical and robust wall-mount speakers designed for clear voice reproduction and background music in various indoor environments. Models like the TF-700 and S-406B feature durable steel baffles and grilles, built-in 70V/100V transformers with multiple power taps, and straightforward surface mounting. They provide an effective solution for general public address needs in commercial and institutional settings.

TF-700

S-406B

Key Features

- **Clear Audio Performance:** Designed for good voice intelligibility and suitable for background music.
- **Versatile Applications:** Suitable for offices, hallways, waiting rooms, classrooms, retail spaces.
- **Multiple Power Taps:** Allows easy adjustment of volume levels during installation to match room size and amplifier capacity (TF-700: 6/3/1.5/0.75W; S-406B: 6/3W @100V).
- **Non-Flammable Driver Option:** S-406B features a non-flammable driver for potentially enhanced safety compliance.
- **Easy Installation:** Designed for surface wall mounting.
- **Durable Steel Construction:** Steel baffle and grille provide robustness for commercial environments.

Applications

General purpose public address, background music distribution, and information announcements in indoor commercial, educational, and public utility spaces.

System Compatibility

- **Amplifiers:** Compatible with any ELV 70V/100V amplifier output (A-XXXX series, A-XXXXD series).
- **Volume Controls:** Can be used with A-C30R (check power load per control).
